SAKUNTHALADEVI KRISHNAN | *PYTHON FULL-STACK DEVELOPER*

sakunthaladevi2001@gmail.com +91 6385944066 Pollachi, Coimbatore, Tamil Nadu, India

linkedin.com/in/sakunthaladevi-krishnan sakunthaladevi-portfolio.vercel.app github.com/sakunthaladevi01

PROFESSIONAL SUMMARY

Entry-level Python Full-Stack Developer with hands-on experience in Python, Django, Django REST Framework, React.js, JavaScript, MySQL, and REST APIs. Experienced in developing full-stack web applications, implementing CRUD operations, database integration, responsive user interfaces, and API testing using Postman. Developed an AI-powered customer support chatbot using Django REST Framework, React.js, MySQL, and Ollama LLM. Strong foundation in Object-Oriented Programming (OOP), API development, debugging, problem-solving, and full-stack application development. Seeking an entry-level Software Developer opportunity to contribute to real-world engineering solutions and scalable applications.

TECHNICAL SKILLS

Programming Languages — Python, JavaScript, HTML5, CSS3

Backend Development — Django, Django REST Framework, REST API Design & Development, CRUD Operations, JSON, Object-Oriented Programming (OOP)

Frontend Development — React.js, Bootstrap, Responsive Web Design

Database — MySQL, MySQL Workbench, Relational Database Design

AI / LLM Integration — Ollama, Chatbot Development

Tools & Deployment — Git, GitHub, VS Code, Postman, API Testing & Debugging, Vercel, Netlify, AWS

PROJECTS

AI-Powered Customer Support Chatbot
https://github.com/sakunthaladevi01/customer-support-chatbot
- Built and deployed a full-stack AI chatbot, integrating an Ollama LLM with a Django REST backend and React.js frontend to handle multi-turn customer support conversations with persistent MySQL-backed session history.
- Designed and tested RESTful API endpoints (GET/POST/PUT/DELETE) connecting the Django backend to the React.js frontend, using Postman for request validation.

E-Commerce Shopping Website
github.com/sakunthaladevi01/E-Commerce_Website | karsj-online-shop.netlify.app
- Developed a responsive online shopping website using HTML5, CSS3, JavaScript, and Bootstrap, implementing product browsing, filtering, and shopping-cart functionality across mobile, tablet, and desktop breakpoints.

Loan Automation System
Built a full-stack loan application system using HTML, CSS, PHP, and MySQL that automated end-to-end loan workflows, reducing manual processing steps.

Tech Game Website
github.com/sakunthaladevi01/Tech_Game | sktechgames.netlify.app
- Built and publicly deployed an interactive browser-based game by developing custom game logic in JavaScript and hosting the live application on Netlify.

CERTIFICATIONS

Python Full Stack Development — LOGIN360 (Feb 2026 – Jul 2026)

Full Stack Development & Data Analytics — 30-Day MasterClasses | NoviTech R&D Private Limited | (Jul 2025 – Oct 2025)

PROFESSIONAL EXPERIENCE

SEO Analyst — Sataware Technologies
07/2025 – 03/2026 | Udumalpet, India
- Grew organic visibility across 50+ WordPress pages by conducting keyword research and optimizing meta titles and descriptions for on-page SEO, resulting in improved search rankings.
- Maintained content quality and publishing consistency by managing end-to-end WordPress content workflows for blog and page content.

Junior Engineer Trainee — VVDN Technologies Private Limited
08/2023 – 05/2025 | Pollachi, India
- Ensured product reliability across laptop and Boat headset units by executing structured pre- and post-testing protocols.
- Reduced downstream quality issues by identifying hardware defects and collaborating with QA teams on troubleshooting and design validation.

EDUCATION

Bachelor of Computer Applications (BCA)
Kamalam College of Arts and Science, Coimbatore
07/2020 – 07/2023
